<b>Details of any infectious diseases he/she has been in contact with in the last three weeks</b>	
If any of the above information changes before the event please let us know	
<b>If it becomes necessary for the above named young person to receive medical treatment and I cannot be contacted to authorise this, I hereby give my general consent to any necessary medical treatment and authorise the Leader in charge to sign any document required by the hospital authorities.</b>	
<small><b>Note:</b> The medical profession takes the view that the parent's/carer's consent to medical treatment cannot be delegated. This view is explicit in The Children's Act 1989. Thus, medical consent forms have no legal status and a doctor or nurse insisting on the consent of a parent/carer to a particular treatment has the right to do so. For this reason we do not recommend that Leaders insist on parents/carers signing the statement above. However, it can be a comfort to medical staff to have general consent in advance from parents/carers or to have a Leader on hand able to sign forms required by medical authorities.</small>
