Current Medication			
Doctor's Contact Details			
Details of infectious diseases in last 3 weeks			
Parent/Guardian Name		Relationship to participant	
Emergency Contact Phone		2 nd Emergency Contact Phone	
Signature		Date	

If it becomes necessary for the above named young person to receive medical treatment and I cannot be contacted to authorise this, I hereby give my general consent to any necessary medical treatment and authorise the Leader in charge to sign any document required by the hospital authorities.

The medical profession takes the view that the parent's/carer's consent to medical treatment cannot be delegated. This view is explicit in The Children's Act 1989. Thus, medical consent forms have no legal status and a doctor or nurse insisting on the consent of a parent/carer to a particular treatment has the right to do so. For this reason we do not recommend that Leaders insist on parents/carers signing the statement above. However, it can be a comfort to medical staff to have general consent in advance from parents/carers or to have a Leader on hand able to sign forms required by medical authorities.
